## PROFESSIONAL SUMMARY:

Results-driven B.Tech student majoring in Computer Science Engineering at Malla Reddy College of Engineering, expected to graduate in September 2026. Proficient in C, C++, Java, Python, HTML, and CSS, with practical experience showcased through a 4-day bootcamp and UI/UX hackathon. Secured first prize in a paper presentation at Malla Reddy University, demonstrating effective communication and research skills. Certified Google IT Support Specialist and participant in Microsoft's Freshman Induction Program. A Viral Fission Student Ambassador and contributor to Serapy, showcasing commitment to community involvement. Actively seeking a dynamic internship opportunity to apply programming skills, particularly in C++, Java, and Python, with a keen interest in technology and user experience. Available for a full-time, 10-12 weeks internship between May and August 2024, bringing a strong focus on team collaboration and impactful contributions.

## EDUCATION

### ***B.Tech, Computer Science Engineering (CSE)***

***Hyderabad***

Malla Reddy College of Engineering - MRCE

Expected - ***September/2026***

- Completed foundational coursework including Introduction to Programming, Data Structures, and Computer Organization.
- Actively engaged in practical projects, demonstrating proficiency in Java, Python, and web technologies.

## PROJECTS

### ❖ **Tic Tac Toe Minimax:**

[GITHUB LINK](#)

- Game tree represents states, minimax algorithm solves for optimal moves.
- Minimax: AI for two-player games, finds optimal moves recursively, zero-sum.

### ❖ **Book Library:**

[GITHUB LINK](#)

- Github repository hosting a curated collection of digital books.
- Clear categorization, tags for easy navigation, enhancing user experience.

### ❖ **Quiz App:**

[GITHUB LINK](#)

- Engaging quizzes with intuitive interfaces, fostering enjoyable learning experiences.
- Efficiently add, edit, and manage quiz content for diverse subjects.

### ❖ **Flappy Bird:**

[GITHUB LINK](#)

- Continuous obstacle navigation, challenging players with increasing difficulty levels.
- Minimalistic design, easy controls, creating an addictive and engaging gaming experience.

## RELEVANT ACHIEVEMENTS

- Achieved 1st prize in a paper presentation at Malla Reddy University - MRU, showcasing effective communication and research skills. [VIEW HERE](#)
- Successfully completed a 4-day bootcamp and technical event at Malla Reddy Engineering College - MREC campus, culminating in a UI/UX hackathon on the final day. Demonstrated hands-on experience and problem-solving skills in the field of user interface and experience design. [VIEW HERE](#)
- Attended Coding Ninjas Freshman Induction Program at Malla Reddy College of Engineering - MRCE, gaining insights into industry trends and networking with professionals from one of the leading technology companies. [VIEW HERE](#)
- All Certifications [VIEW HERE](#)

## CERTIFICATIONS

- [Google IT Support Specialist – Coursera](#) **May,2021**

## SKILLS

- Proficient in C, C++, Java, Python, JavaScript, HTML and CSS.

## VOLUNTEER WORK

- [Viral Fission Student Ambassador](#) **Sept,2021 - Present**
- [Serapy – student's Therapy](#) **Sept-2022 - Present**
